24th September 2021

Dear Charles,

RE: EMPLOYMENT TRANSFER

We refer to the townhall meeting held on 24th Sept 2021, between the management and employees deployed in the engineering functions of Microsoft East Africa Limited (“**Microsoft EA**”).

As we informed you, all the employees in engineering function shall, with their consent, be moved to Microsoft Research & Development Kenya Limited (“Microsoft R&D”). Microsoft R&D is a wholly owned subsidiary of Microsoft Corporation and this entity will be your new employer.

As this is an internal restructuring with no loss of employment, Microsoft EA considers that there will be no redundancy and expects the transition to be as seamless as possible.

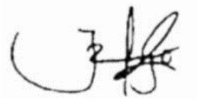

To facilitate the transition, it is necessary for your current employment contract to be terminated by mutual consent in exchange for a new contract to be issued by Microsoft R&D on substantially similar terms while recognising your past years of service with Microsoft EA.

It is intended that your transfer to Microsoft R&D shall take effect on 1st November 2021 (the “**Effective Date**”) and you will retain the same position that you currently hold. From the Effective Date, Microsoft R&D will assume responsibility for all your accrued statutory and contractual entitlements.

You will shortly be provided with the new employment contract by Microsoft R&D to read and, if in agreement, sign.

Please sign this letter in duplicate to signify your agreement to the terms, retain one original and return the other to us for our records.

Yours sincerely,

Jack Ngare
For and on behalf of Microsoft East Africa Limited

ACCEPTANCE

I, Charles Kabui.....have read and understood the contents of this letter. I agree to the terms stated herein. I confirm that in consideration of Microsoft R&D offering me a new employment contract and recognising my past years of service and accrued entitlements from Microsoft East Africa Limited (“**Microsoft EA**”), I agree to the termination of my contract of employment with Microsoft EA by mutual consent with effect from **31st October 2021**.

Subject to the recognition of my past years of service and accrued benefits being taken over and assumed by Microsoft R&D, I confirm that I have no other or further claims of any nature whatsoever against Microsoft EA, its shareholders, directors, officers, or affiliates arising out of my employment or its termination or any other ground whatsoever.

Signed by me *Charles Kabui*.....On Sep 26, 2021
Charles Kabui (Sep 26, 2021 12:45 GMT+3)
